ABOUT APEX

Apex Anesthesia Services is the first and only **AAAHC accredited** mobile anesthesia service in the Northwest and one of fewer than ten such practices nationwide. Apex provides pediatric and adult anesthesia throughout the state of Washington. Our priority is to serve you with the highest standard of care in a safe and professional atmosphere. We use state of the art, portable monitoring and anesthesia equipment to transform your office into a virtual "Ambulatory Surgery Center". We use the newest and safest techniques to provide the highest level of comfort while allowing rapid recovery. Apex creates a positive patient-centered experience through individualized care and treatment for your patients.

At Apex, we know firsthand that office-based anesthesia is beneficial for both, the dentist and the patient

TURNKEY MOBILE SERVICE

We can convert a room in your office into a procedure area within a short period of time. We also provide all necessary staff, equipment, medications and supplies.

SAVE VALUABLE TIME AND INCREASE REVENUE

- Our anesthesia service allow quick procedure turnover time, speedy discharge from facility, and allows you to see patients between procedures or perform other practice-related tasks.
- We provide full in-office outpatient surgical support, allowing you to concentrate fully on the procedure with convenience and efficiency for your patient.

*Our experienced, licensed anesthesia providers, in combination with our state-of-the-art equipment and convenient mobile operation, enables us to create a **HOSPITAL QUALITY SURGICAL SETTING** in any dental office. We bring everything to you, turning your treatment room into a cutting-edge surgical suite.*

HIGH QUALITY ANESTHESIA

We are experienced in all aspects of office-based anesthesia and recovery. We use the newest and safest techniques to provide the highest level of comfort while allowing rapid recovery from anesthesia.

INCREASE PATIENT SATISFACTION

- We provide highly personalized services that dramatically enhance patient satisfaction with an office-based experience.
- From the moment your patient walks through the door to the moment of discharge, we address every concern your patient may have.
- We use short-acting anesthesia medications that enhance your patient's well being after the procedure and facilitate easy return to normal daily functions. Patients are typically ready for discharge within 30 minutes of procedure completion.
- Patient satisfaction is further enhanced through pre-operative telephonic interviews before the day of surgery, and postoperative follow-up the day after surgery to determine their level of satisfaction with our care.
- Patients have less out of pocket expense, and are able to benefit from efficient scheduling and less time away from family and work.

EFFICIENT ELCTRONIC SYSTEM

We are a paperless company. We provide iPads to quickly export all patient information and consents electronically using a HIPAA protected server. Eliminating paper creates a streamline office workflow and eliminates the stress of keeping track of every patient document. All information can also be provided in Spanish and Russian languages.

BILLING MADE EASY FOR YOU & YOUR PATIENTS

Dentists pay nothing to use our serves. We work directly with patients and accept most insurances. We offer Care Credit and accept all major credit cards.

You no longer have to refer your patients elsewhere because we will travel to your office. Your patients will be able to keep their privacy with the staff they already know and trust.

Do you want to be one of the many dentists to bring anesthesia services in-house? Let us help you expand your practice, increase your efficiency and improve your satisfaction.
